

Concorde Dehumidifier 70L

Specification sheet

Model	CS-570-MHY
Dehumidifying capacity	70L/D(30°C, RH80%)
Power Source	220~230V/50Hz/1PH
Power	1000W
Drainage method	direct drainage
Drainage Pump	In option
Drainage tank	/
Circulating Air	800M3/h
Work Temperature	5~38°C
Noise Level	≤52dB(A)
Refrigerant	R410a/R290
Maneuverability	Handle & Big Wheels
Sensor	Humidity sensor
Applying Space	(height 2.6-3m) 70-120m2
Package	Carton
Net Weight	48KG
Product Dimension	480*360*905mm
Warranty	1 Year

Features:

1. Filter protection to avoid dirty air coming into the machine.
2. Digital humidity controller, its control precision reaches $\pm 3\%$ RH.
3. Self defrosting. Could automaticly turn on & shut down.
4. 3 mins delay protection for compressor
5. Failure indication and alarming,easy to operate.
6. Scientifically design,based on air principle theory.
7. High quality compressor
8. easy move by Handle & big wheels
