

Concorde Dehumidifier 90L

Specification sheet

Model	CL-90H	
Dehumidifying capacity	90L/D(30°C, RH80%)	
Power Source	220~230V/50Hz/1PH	
Power	1200W	
Drainage method	direct drainage	
Drainage Pump	In option	
Drainage tank	/	
Circulating Air	800M3/h	
Work Temperature	5~38°C	
Noise Level	≤52dB(A)	
Refrigerant	R410a/R290	
Maneuverability	Handle & Big Wheels	
Sensor	Humidity sensor	
Applying Space	(height 2.6-3m) 80-130m2	
Package	Carton	
Net Weight	52KG	
Product Dimension	435*605*840mm	
Warranty	1 Year	

Features:

1. Filter protection to avoid dirty air coming into the machine.
2. Digital humidity controller, its control precision reaches $\pm 5\%$ RH.
3. Self defrosting. Could automaticly turn on & shut down.
4. High quality compressor, 3 mins delay protection for compressor
5. Failure indication and alarming, easy to operate.
6. Scientifically design, based on air principle theory.
7. Environmentally friendly refrigerant.
8. easy move by Handle & big wheels
